Excellent

exciting book, i like the state and police cars.

Book has good pictures for sure not to many history facts. had the best price for sure. Lots of good pictures. Stan Old Timer

great book

I was very pleased with the book on State Police cars and with the service.

This book was bought solely to be used as a reference source for my model making hobby. Well laid out and excellent photographs make this a must for the model fanatic. Living in England there is not a great deal of decent reference material of this nature. So it was a pleasant surprise to be able to order this book on line and receive it within days and at an excellent price. I really cannot

reccomend this book enough.

It helps me really much in my search. I'm studying all in connection with the 49 prinicipal STATE's car. It's a pity that the pictures are in B & W.... My value: 9/10

This book has proved me with references for my models for every state except Hawaii of course. Although it is in B&W and not updated every year it is still a great buy.
