The Inside Passage To Alaska

Synopsis

Art Wolfe's profile is at an all-time high with his successful PBS travel and photography show, *Travels to the Edge*. This book of new work documents that famous *Inside Passage* that runs from Seattle to Glacier Bay, Alaska. This is a wild landscape of picturesque islands, the untamed Tongass National Forest, glaciers flowing to the blue-green sea, and wildlife such as whales, auks, and salmon. Art Wolfe brings his signature sense of color, composition, and environmental awareness to every beautiful shot.

Customer Reviews

Art Wolfe photographs are a "superb evocation of some of the most breathtaking spectacles in the world." — Sir David Attenborough

Art Wolfe has earned an international reputation as a leading nature and landscape photographer. He lives in Seattle.

I purchased this book prior to going to Alaska. All of the images were wonderful, and gave me a better idea of the images I can make in Alaska. On my ten day trip to the southern part of Alaska, I ended up shooting over 5000 images, and have realized that I have just scratched the surface of what we call Alaska. I am a fan of Art Wolfe, and enjoy viewing his images through his eyes. I would recommend this book to anyone researching Alaska and getting a better feel of what Alaska is all about.

This has really great unretouched photography. I really love Art Wolfe's work and will order more books in the future.

Excellent service. I received this item in a very timely manner, quicker than I expected. It was in new condition.

This book was purchased as a Christmas gift and was a REALLY big hit! Wonderful Book!

Art Wolfe is master of photography, and this book is no exception. However, this book is NOT meant to be used a guide to Alaska for travels. There is no traveling information. Instead, it has lot of pictures with brief poetic description of pictures. I was little disappointed in that I was hoping to use it in my travels. Thought, I would recommend this book for coffee table display. Namaste', Bharat[...]

This is a beautiful book I bought for my wife as we anticipate our Alaskan cruise this summer.

Striking photographs of the landscape and wildlife of the Inside Passage through the seasons. Only 1 small page of introductory text, so if all you want is beautiful photos - this is your book. The size (10 x 7 inches) is a really nice format - not one of those huge ungainly coffee table books that won't fit on the shelf. After a cruise to Alaska, these images will be reminders of what you saw (and way better than the pictures you took), as well as some things you wish you had seen.

Wow, this book has some very nice photographs! I knew Alaska was beautiful, but so many other coffee table books were disappointing. This one is a little small for a coffee table book, but it makes up for it in beauty and variety of photos. Art Wolfe is an amazing photographer!
