Haikyuu!!, Vol. 3

Synopsis

Ever since he saw the legendary player known as the "Little Giant" compete at the national volleyball finals, Shoyo Hinata has been aiming to be the best volleyball player ever! He decides to join the team at the high school the Little Giant went to-and then surpass him. Who says you need to be tall to play volleyball when you can jump higher than anyone else? Karasuno has successfully defeated Tohru Oikawa and Aoba Johsai in their practice match, but the team's future doesn't look so bright. The match uncovered serious holes in Karasuno's defense, which would be fatal in a real game! What they need is a defense expert, a libero, to cover their holes for them. It turns out Karasuno does have a libero named Yu Nishinoya, but he was suspended for one week for violent behavior! And he's even shorter than Hinata!

Karasuno continues to grow with the guardian deity finally back on the court and his partner showing up behind the scenes. Its probably no surprise that they manage to get him to finally commit to the team, leading us to having the fully assembled Karasuno. The best part of this volume is that we get a full game with the all the Karasuno key players, all that's needed now though is a coach and a high level opponent. V3 managed to be just as strong as the previous ones and this time not driven on the freak duo having issues or just random spats, however true growth and development and growing more together and united as a team was here. The bonus story in this volume is great and made me wish the shirts were actually sold, some of them are hilarious (best

reaction was easily Tsukishima and Kageyama). Character profiles continue to be a great way to learn the characters names and personalities, it adds more life into characters who had limited visibility.

Good book, a fun read with lots of likable characters with plenty more that are introduced!

Love it!

HELL YA IT WAS A GOOD BOOK AND I WOULD BUY ALL OF THEM IF I COULD IT ALSO SHIPPED REALLY FAST I WOULD RECOMMEND IT TO ALL

I love this series. Super good price too

Read it. Waiting for next volume.

A really good volume. Lots of practice on the court and teaches more about the game. This volume is very character oriented adding three new members to the team. The former coach, we've already met but he comes back and we learn his backstory and feelings. Also, two new characters are introduced, both have been off the team for a while; one who was suspended from school; the other had become scared to play anymore. We are given their back stories and current emotional condition. The book ends with the team ready to play a big practice game in Tokyo during Training Camp. Great story!
