Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

Great book, however I am very disappointed that this book is not written in B flat. It is instead written for C instruments. This book is the exact same thing as my cello book, with the exception of the clef you are playing in. I was hoping to be able to play duets with my wife, but we cannot do that now, unless we transpose the music.

I'm a private clarinet instructor with a large studio of students. This book is so popular with my clarinetists that I use it weekly. It has a good range of difficulty and is great for teaching rhythm because students recognize the songs and are inspired to play the music correctly. It's good for students who have played between 6 months to about three years, or adult clarinetists just wanting to have fun. Highly recommend.

Good mixture of songs from older and newer Disney

This book has most of the popular disney songs and is written for a beginner, the songs themselves sound good and true to the originals from the movies

Great, thorough book of all the fun Disney syandards I know from childhood. NOTE: This is not the right purchase for someone seeking challenging, technical music. It is all very easy rhythm and key-wise for anyone who's been playing for a bit, so it's best use is fun leisurely playing! Thanks!

Lots of famous Disney songs. Would recommend to beginner players only. I am an experienced clarinet player and found this to be a very beginning book. Almost none of the notes go over the staff.

Medium hard songs perfect for a beginner/medium level clarinetist. Good because the songs are easy to hear in your head. Bought this for a 12 year old who is in her 3rd year, but first real year of band. Don't hesitate to buy. Lots of music

Degree of difficulty ranges from beginners to intermediate. Please note, I consider myself a beginner and am commenting from that perspective. I bought the song book primarily to improve my skill level. The song book meets my expectations. I also enjoy playing the songs.
