Customer Reviews

Atkins diet is the most popular ketogenic diet that helps to reduce the carbohydrates consumption level. Thus losing weight. This book provides simple plans and recipes to kick start you to a healthier life. The Atkins diet is a healthy way to lose weight.

What a ripoff. Really feel violated by this purchase. Repeated over and over with nothing to add for

information. Wasted my money. Would like a refund.

This has to be the worst "Atkins" diet books I have ever read. And I read the whole thing in less than an hour. This guy repeats himself endlessly. He says if you are having problems the first couple of weeks, you should just quit???????? The first couple of weeks are adjustment and common. Lots of misspellings, I felt like it was his opinion throughout. I am glad it was free, but what a waste of time.
