# Natural Meals In Minutes - High-Fiber, Low-Fat Meatless Storage Meals-in 30 Minutes Or Less!

## Synopsis

Natural Meals In Minutes. An excellent cookbook of over 300 fast, simple, food storage recipes using grains, legumes, and sprouting seeds, in addition to fresh fruits and vegetables. Whether you're preparing for natural or man-made disasters, this book will show you how to make great basic meals from healthful, wholesome ingredients. Learn how to cook whole grains in only 3 minutes, cheeses and puddings in only 3 minutes, and complete meatless meals in 30 minutes or less! This book contains delicious, low-fat, "heart-healthy" meals in these three easy-to-follow sections: Introduction to Natural Foods - using whole grains and dried legumes (beans, peas and lentils). Sprouting - techniques and tasty recipes for every meal of the day. Powdered Milk - 3-Minute Powdered Milk Cheeses, Yogurt, and other milk favorites. Breakfasts, Lunches, Dinners, Snacks and Desserts the whole family will love!

Best Sellers Rank: #1,015,960 in Books (See Top 100 in Books) #57 in [Books > Health, Fitness & Dieting > Nutrition > Fiber](#) #1055 in [Books > Cookbooks, Food & Wine > Special Diet > Vegetarian & Vegan > Non-Vegan Vegetarian](#) #1373 in [Books > Cookbooks, Food & Wine > Cooking by Ingredient > Natural Foods](#)

## Customer Reviews

"Our instructors are VERY excited about teaching classes on how to cook with home storage using your cookbook." -- Marguerite Solomon, Zion's Cannery, Independence, MO  
"With the information in your book, I will be able to encourage [the people in my organization] to store food and excite them to the possibilities of learning to use that food now, before an emergency strikes". --Sue Bryson, Sterling Heights, MI

Nutritious Meals from Natural Foods in 30 Minutes or Less! Revolutionary new ideas for fast,

nutritious meals...guaranteed to change the way you use high-fiber, cholesterol-free GRAINS, LEGUMES, and VEGETABLES. Learn to reduce the risk of heart attacks, cancer, and other diseases. This book shows you how to include high fiber foods in...Better Breakfasts, Sandwich Fillings, Salads, Quick Wheat or Rice Patties, Main Dish Soups, Company Dinners, Desserts and Simple Candies, Whole Wheat Breads, Snacks, Sauces and Seasonings, Salad Dressings, Dips and Sandwich Spreads. Also included in this volume... 3-Minute Powdered Milk Cheeses, Homemade Yogurt and Yogurt Cheeses, Sprouting Methods, Storing and Using Sprouts, Growing Greens Indoors.

I loved that I can make a quick soup (which I've done) and have it be delicious and nutritious. As it happens, I did have several jars of rather old beans in the pantry that was stored in mason jars. It took a long time to make soup even after soaking for 2 days. So now, I powdered them up, and sealed in mason jars and use that to include in my soups. I'm happy that I didn't have to throw them out. I highly recommend this book.

While this book has lots of good information, I saw the latest version and it has more information I also need. Our family has dietary issues and later books Rita has published are a bonus for us. However, this book was used and in excellent condition for a give away price so I'm not complaining. I think I'll use both books.

its a good book. healthy ideas.... maybe seen before in other books but all the same a good book to have in your library.

This book is a great way to use food storage and have nutritious meals. I am intrigued with the idea of the bean flour in baked goods as a way of more complete protein and fiber. I haven not seen this in other places and have tried it and it's great!

I don't have enough space in this forum to express my total appreciation for this book. I've had it for over a year and I've barely used a fraction of it's valuable ideas. The ones I have used, I've used over and over again! I'm sitting here right now thinking of making some bread. I can either grind the grain by hand or use the recommended grinder I discovered from the book! I'm pretty much all set! A Must Read!

I love this cookbook, its great for do-it-yourself cooks and the low fat, high fiber recipes are just what a family need.

I bought her book, Country Beans, and loved it so much had to buy this one too. I found at least one or two recipes that are repeated and only slightly different. I use them both, but probably use Country Beans the most. If you only can buy one buy that one.

My family does not like beans and lentils. I was looking for ways to incorporate these storage items into our diet. I am really excited about the ideas contained in the book. The recipes use ingredients that are found in your cupboard. They are healthy but not time consuming. There are many ways to hide the beans in food they would normally eat. I am a lazy cook. I have to be in the mood and feeling good. Being able to give my family healthy meals without spending ages doing it is fantastic. I highly recommend this book to everyone that is looking to cut down or cut out meat in their diet or using up all the beans and lentils in their food storage.
