## Customer Reviews

This was a fabulous book, especially for the price. It starts with a close look at how to use your burger press to achieve flawless burger patties...better looking than most restaurants! And it covers storing and some more philosophical aspects of the grilling process. The writing style is energetic and easy to read, but the best part is the recipe section! Lots of detailed recipes that cover an eclectic variety of flavors so you'll never be bored. Great resource for burger lovers everywhere.

I used several recipes on the 4th family loved them.

very nice little book for the press.
