Customer Reviews

Not as informative as I thought. Recipes are a little far out there. Don't think it was too helpful.

Abel James is AMAZING! You get to learn how to make your own paleo mayo! The recipe for brussel sprouts and blue berries is delicious! I hope he makes some more books!

You can never go wrong with either George Bryant (Civilized Caveman.com) or Abel James (BurningMan.com)! I really enjoy George's website, you'll find many of these recipes there too!

This is a great cookbook for the money you spend. Great tasting dishes and my kids loved them so much they ask for these recipes often.

Liked it

Side dishes don't have to be boring and always the same! There's way more out there than just plain veggies! There are so many sauces and side-dishes you can make to liven up any meal...and this book has got the best! Of course, one of my weekly uses of this book is in the mayo! Truly! I make my own mayo with recipes from this book! And when I want something truly different to accompany my meals, I open it up and am blown away with all the crazy tasty combinations! Liven it up in a truly healthy fashion! Get this book!

I am a total sauce girl. My fridge used to be more full of sauces and condiments than real food. Then I learned how to read food labels... and suddenly an extra large trash can was filled and I was staring at an empty fridge. George's sauce recipes have saved me from living without former coveted condiments. The mayo, catsup, and Beastly BBQ sauce are my new staples. Seriously that BBQ sauce... Sometimes it doesn't make it to meat.

I am always looking for healthy side dishes for my family. Civilized Caveman has many good nutritious options to choose from. The recipes here definitely add to a delicious meal!
