Customer Reviews

I'm really surprised about FISTING being real. Something to definitely try in the future. These women seemed to REALLY enjoy IT and in some cases beg for IT. INTERESTING! Think you'll enjoy this book. Give it a read.

Very good narrative.

Loved it! The short stories were sexy and erotic; My favorite kind of reading! New to the author but will be buying more of her books in the future.

i loved the book

Seriously, all these stories are about younger girls (late teens) getting " fisted" by older women. Not my cup of tea. As a straight women that loves to read about lesbian encounters, this is a turn off for me and NOT even close to something that would happen in real life

Im a lesbian and i love these small stories. Iv never heard of fisting and its sounds fun I will try this with my wife!! Cant waitalso must read

This was definitely written by a man. Someone who has no idea about lesbian sex! Its not worth the time.

Not sure how people are giving this thing five stars. The formatting is horrifyingly bad. Fonts and spacing change randomly throughout the stories. It's just a down right eyesore to try and read. The stories show promise but the dialogue is insufferable. Not the words but once again, the formatting. ALL CAPS doesn't make words mean more. Once here or there but the writer has some characters OVERLY EXCITED! constantly. Again, it gets annoying to read, it breaks the flow. Also change up the expressions. It gets a bit redundant to have every character using the same phrases over... and over... and over. Basically read the first story and you know how every interaction is going to play out through all of them.
