# Under The Duvet

## **Synopsis**

A real treat - the incredibly funny jottings of a hugely bestselling and much-loved author Her books are read and adored by millions around the world - now read the collected journalism of the woman who writes them: the woman under the duvet. Marian loves shoes and her LTFs (Long Term Friends), hates estate agents and lost luggage, and she once had a Christmas office party that involved roasting two sheep on a spit, the Moroccan way. She's just like you and me... --This text refers to an out of print or unavailable edition of this title.

## **Customer Reviews**

Very enjoyable. Easy reading. Funny and interesting would recommend to others. Looking forward to seeing more from this great author

Some parts were funny but maybe since I'm in the US, I didn't understand a lot of the things she talked about

I absonutley love Marian Keyes, she can make me laugh when I feel sad. She has had such a wonderful way of telling a story and her own story is no exception, she had overcome her addictions and has seen her demons off with great strength and a fantastic sense of humour.

An easy funny read. She's always good for a laugh & cheered me up no end

She's young. She's hip. She's Irish. And she has written some of the most entertaining and humorous novels I've had the pleasure of reading. So it is quite a treat for me to sit down and enjoy what our Irish cousins have already been treated to....a collection of many of her columns which have appeared in the Irish Times newspaper. This may be old hat to Dubliners, but it's a newfound treasure for most Americans. The book is like a box of chocolates and each short read is a tasty little morsel to devour and enjoy. What a treat it is to get this inside look at one of my favorite authors and share in her musings on just about everything. How does it feel to see someone actually purchase your book? How did she get the background material for Sushi? What was the nicest time of her life? How did it feel to be at a book signing for Rachel's Holiday and have no one show up? What are her feelings on shoes, Catholicism, real estate agents, and a whole lot more. My personal favorite was "Happy Christmas! Form An Orderly Queue" not only because I love to read any work set at Christmastime but because of the glimpse it gives us into Marian's family life which just had to have been the basis for the wild and whacky Walsh clan of many of her novels. If you love Marian Keyes already or if you just like short humorous pieces to make you laugh out loud, I highly recommend this one.

This book is one I had been chasing for a long while but it was always elusive. I was not disappointed. Marian Keyes has this knack of making everything she writes addictive. You just can't put it down. Normal everyday occurrences rib tickling funny. Looking forward to her latest novel.

I enjoyed this book. I have read a few of Marion Keyes books. She has a great turn of phrase and has experienced life's ups and downs. After reading these articles I can understand where some of her ideas for stories come from.

I actually got into Marian Keyes through this book when I picked it up at a used book store. As a writer myself I find her stories very funny. I also really like her fiction too.
