Africa Classic, Laminated (National Geographic Reference Map)

Customer Reviews

Map is Great, Perfect for what I want. Except it was wrinkled during shipping, hope I can fix it, it came in a US mail package and it was CRUSHED Not HAPPY with SHIPPING

Recently took a DNA test and began researching the area my ancestors came from in West Africa. Nice map for studying, sturdy and I can easily remove post-it notes.

Large enough graphics to see each country & most cities & towns.

Gift was simply a perfect gift of desire.

Arrived on time in a poster tube. No problem.

One of my favorite maps. So much to see and refer to as wars continue. Happy to have purchase a high quality map.

Homeland of my Ancestors. A large map and fantastically colored.

Nice map but a bit small. Hard to read.
