Synopsis

Can You Hear The Screams? True Stories From The Scariest Penitentiaries On Earth – Claim Your FREE Bonuses After the Conclusion! There are countless books, TV shows, and movies dedicated to showcasing life behind bars. They show us how both violent and petty criminals interact. But what happens when things spiral out of control? When inmates turn on the guards and riots break out? Or when guards become power hungry and torture inmates? A prison can serve a variety of purposes. It can be a place of rehabilitation where the system tries to reform the inmate and make it easier for them to reintegrate into civilian life. It can be a place that prizes punishment as a means to stop illegal behavior. And, in the worst circumstances, it can be a place of state sponsored torture that doesn't care if an inmate is truly guilty. Though many of the prisons in this book tried to change an inmate's behavior through non-violent means, their systems almost always devolved into one of corruption. Abuse, rape, unhygienic living conditions, and even murder make up the stories of each of these prisons. Their histories are dark and not for the faint of heart. The inmates and guards who lived, suffered, and died in these prisons still fill their cold, abandoned corridors with malevolent energy. Before reading any farther, be forewarned that not everyone who enters these prisons will be let out – Here Is A Preview Of What's Inside... Roger P. Mills brings us another detailed, well researched book that is also spooky, and in this book, downright scary. This book explores the haunted prisons of the US and world, finding little known prisons and previously unknown details about the more notorious prisons. His writing is tight, smooth flow with excellent grammar. This author has the unique ability to report the history and make it spooky and scary without any clichés or over dramatizations. Highly recommend this book! I did receive an ARC pdf of this book free in exchange for a fair review, but I added the Kindle version to my e-book collection upon release.

Worse book I've ever read and I've read a lot

This was a very informative yet eerie book. I was shocked to read what happened to some prisoners within their time there. Chapter 2 regarding the prisoners on Green Island was just so unsettling to read what the Chinese Government did to them. So interesting to read but certainly rattling and creepy.

Haunted prisons. Considering the brutality of prisons throughout history, you would be less likely to find a prison that wasn't haunted. And you would certainly expect the spirits to be more malevolent and dangerous. If you read the Wikipedia entry for Holmesburg Prison, it may give you nightmares. Other haunted locations are included in this book, and some of them have videos on YouTube. Happy haunting.41

This short book is the latest in a series of paranormal encounters from Roger P Mills. As usual, his thorough research has led to a number of little known locations in addition to the more famous ones. All the stories in this book are haunting, with dreadful details. Paranormal fans will enjoy this

excursion into haunted prisons. An eerie and dad read.

Roger P. Mills is fastly becoming one of my favorite authors! His stories on the haunted are extremely disturbing, especially this new book on haunted prisons. Just when you think you've heard all the haunted prison stories there are, he takes his readers on an unexpected, eye popping read. I highly recommend this book. You won't be able to put it down!

Very good spooky tales. Anyone who enjoys eerie tales will like this book, wish it was longer!
