The Pleasures Of Passion: The Sinful Suitors, Book 4

Synopsis

Complete with the signature charm, "delectably witty dialogue...and scorching sexual chemistry" (Booklist) she is known for, New York Times best-selling author Sabrina Jeffries is back with the fourth romance in the Sinful Suitors series! When Niall Lindsey, the Earl of Margrave, is forced to flee after killing a man in a duel, he expects his secret love, Brilliana Trevor, to go with him, or at the very least wait for him. To his shock, she does neither and sends him off with no promise for the future. Seven years and one pardon later, Niall returns to England disillusioned and cynical. And being blackmailed by the government into working with his former love to help catch a counterfeiter connected to her father doesn't improve his mood any. But as his role as Brilliana's fake fiancé brings his long-buried feelings to the surface once again, he wonders who is more dangerous - the counterfeiter or the woman rapidly stealing his heart. Forced to marry another man after Niall was exiled, the now widowed Brilliana wants nothing to do with the reckless rogue who she believes abandoned her to a dreary, loveless life. So having to rely on him to save her father is the last thing she wants. But as their scheme strips away the lies and secrets of their shared past, can she let go of the old hurt and put her pride aside? Or will the pleasures of their renewed passion finally enable them both to rediscover love?

Customer Reviews

This book captivated me from the first line. I could not put it down, love the characters, the interactions, the tension. It was great. I love visiting this group of friends, they are so fun as each

takes the plunge into love. Some just can't help themselves, some return to a love that was pushed off course years ago for one reason or another. Brilliana had loved Nail before her coming out, he said he loved her, but then he had to go away because of a dual that we wouldn't tell her the reason for. Seven years later, Nail is home and treating her like she had betrayed him instead of the other way around. Now the two of them must work together to keep her father from hanging. Can they do it? The lies told in the past, the lies they are living right now, will the two of them find their way back to love? Or will it pass them by for good this time? One of the best things I love about Ms. Jeffries's writing is that in the end all the lies that so much a part of the Regency period writings, are uncovered and worked through. True remorse is shown by both parties and forgiveness given. She does it with such style and wit that we keep coming back book after book because we know we are going to be entertained. And we know that no matter the obstacles she will work everything out for the best in the end. Five stars for this perfect followup book in this series of the Sinful Suitors Club.

I am a huge Sabrina Jeffries fan and have thoroughly enjoyed this series up to this book. I have not figured out why this book just didn't live up to the other books in this series or to Ms Jeffries previous books. This one fell flat, for me. Scimming through it to finish it is not how I usually read a Sabrina Jeffries story. Neither lead character endeared me to him/her, I didn't feel invested in their disappointment and pain and loss. Yes, their HEA was hard fought but, again, it lacked the punch it should have had. I will read the novella, coming later this year, I do hope it and the last book in this series revive my outlook on Ms Jeffries as one of my favorite authors.

Loved the story and the characters. Sabrina Jefferies has another hit on her hands. Look forward to the next one.

Very good story.

The best.

Once again Ms Jeffries delivered another awesome book.

This series of four books had very good writing and attention to detail. They should be read in order and while on vacation.

Simply enjoyed the book. Believable characters and plot.
