Anna Dewdney was a teacher, mother, and enthusiastic proponent of reading aloud to children. She continually honed her skills as an artist and writer and published her first Llama Llama book in 2005. Her passion for creating extended to home and garden and she lovingly restored an 18th century farmhouse in southern Vermont. She wrote, painted, gardened, and lived there with her partner, Reed, her two daughters, two wirehaired pointing griffons, and one bulldog. Anna passed away in 2016, but her spirit will live on in her books.wo stay-at-home dogs.

I will be. I just wanted to let others know that the titles in this set are: "Llama Llama Nighty-Night," "Llama Llama Zippity-Zoom," "Llama Llama Hoppity-Hop," and "Llama Llama Wakey-Wake."

I got this for my 12 month old - I wanted to have short - really short stories for him at bedtime. They rhymes are cute and pictures are fun. The books are those sort of board but not quite board books - you know, they aren't unbendable like the little ones so I keep them on his dresser, but they at least hold up better than just paper pages. Update 9/8/2014: My now 21 month still loves these 4 books. We now keep the books in his shelf where he can pull them out. He frequently asks me to read all 4 before bed. This is a good buy.

I ordered these because my 18 month old loves Llama Llama Red Pajama. I'm honestly a little disappointed, the books are each only about 6 pages, and not nearly as sweet as the original Llama Llama Red Pajama that he loves. Included in the box set: Llama Llama Zippity-Zoom, Llama Llama Hoppity-Hop, Llama Llama Wakey-Wake, and Llama Llama Nighty-Night.

We had purchased one Llama Llama storybook previously and my toddler girls enjoyed it and enjoyed reading it to them so I wanted to get a few more. This boxed set was a nice, cost effective way to add multiple storybooks to our library. The books are all short which is nice as my toddlers have the attention span to sit through the entire story. They are also nice as they are easy to read aloud. I also like how some of the story's talk about different actions that you can perform and teach your child like clapping.

Catchy title and because my little one saw it in Llama Llama Jingle Bell back cover, she kept asking me for this one. The illustration is great but the poem is repeating at least in 2 of the book. They keep making reference to Llama Llama Red Pajama Vroom Vroom Vroom. Or something similar. I was bored reading it, but the little one start doing silly things like bowing when it says Llama Llama Bow. So I kept it. I loved Llama Llama series, even The smaller board book like Jingle bell was interesting, but this library is not on the same level.

Made my nephew laugh out loud!! I bought these for my 9 month old nephew who lives in a different city, and have only heard good things from my sister about them. Not only are they entertaining for the kids (My nephew actually laughed while Llama Llama was in his red pajamas.) but they're relatively enjoyable for adults to read out loud. as far as those things go.

My daughter loves Llama Llama Red Pajama, so I bought her these. They're still Llama Llama, and

she still likes them, but they're nowhere near on par with the original book. They came early and they were well packaged, so I can't complain much; but if you're buying this because your little one liked LLama LLama Red Pajama, try another Llama Llama book instead of this set.

Simple and quick stories to read to my toddler. Perfect for a short attention span. As a parent who loves children's books these stories are at the top of my list.
