Customer Reviews

Includes early human history through Medieval and Renaissance Europe.

Bought to help my sixth grader study for tests. Has helped bring her grade up tremendously.

The book I am sure is a fine school book. I do however question their process on deciding what condition the book is in. It was full of vulgarity in both the front and back cover as well as throughout the book.

Purchased for school district. Since I didn't hear any complaints (which I would), I can only assume that teacher was happy with the item.

it's a textbook. my daughter lost hers, if she finds it i hope i can sell it back. Shipping was fine, it was in great condition. Thank for having it.
