Customer Reviews

Quite a few unfamiliar songs. The CD didn't seem to work for me either. I wouldn't recommend this book for a beginner since a few songs require alternate tuning.

I have really enjoyed this book highly recommend. This book has songs at different levels for beginngers and advanced players !

I can't wait to start playing these songs! Shipped quick and it is waiting for me to dive in.

Wasn;t quite what I was expecting, but still a good book.

Great CD and great song book. I've used this a number of times for church. Very easy to follow and not too hard to play.

Well presented, easy to understand

Great book for beginners

The late Butch Baldassarri was a mandolin virtuoso. This CD was so good that Homespun Tapes put it out as instructional package with accompanying tablature and musical notation. Butch has a bluegrass band with him, comprised of some very talented musicians playing fiddle, guitar etc. The mandolin has a very pleasing tone and the music is very "atmospheric." Some of it has a "Celtic" feeling, for those who are interested. I got a lot of ideas for playing my mandolin from this CD. Highly recommended!
