Customer Reviews

this is a great concept, but the pages are glossy and all the ink wipes off when you try to erase, or get a drop of water on it.

It's very nice but I sort of wish there had been a bit more room to write.

If I had time I would return this. Half the page is wasted on pictures of flowers and the lines for birthdays and special dates are so tiny when they could be larger and take up most of the floral space! Would not buy again!!! Very disappointed!

Have had a perpetual calendar for years a loved it. Ordered this one and date lines are too short and cramped to add multiple names to a date. Looks nice but to functional when you have more than 1-2 names on a particular date.

I am really disappointed how much of the page is wasted on decorations. I would look for another one that gave more usable space instead of this one.

Hi quality and sturdy enough to last years. It's very beautiful, and I'll enjoy having it on my wall.

This calender was exactly what I was looking for. The floral pictures are very attractive. The calender itself is just the right size for me. I have one leaning up in my kitchen so it is easy to size. The lines under each month are small, but big enough for me to write birthdates on. The pages are easy to flip and every page is different. I also the fact that you can hang it on the wall.

pretty and handy for keeping track of birthdays!
