Medical Legal Aspects Of Medical Records, Second Edition

Synopsis

The newly revised Medical Legal Aspects of Medical Records, Second Edition, Volume I and Volume II is designed to give you a comprehensive overview of the medical records process. Volume I provides a comprehensive overview of the medical records process. In any health care situation, records are made, and each situation presents its own unique aspects and challenges. This book explores the many aspects of medical records that apply across all specialties. It is specially designed to complement Volume II. Volume II provides in-depth information on many clinical specialties. This book informs you of the specific nature of clinical specialty records and most medical and hospital areas of specialty are covered, including chapters on dental, chiropractic, nursing home, pediatrics, medication, and home care. It is specially designed to complement Volume I.

Customer Reviews

I purchased the Kindle Version and it is very difficult to read. Changing pages by the arrows at the side causes me to miss material at the bottom of each page. Scrolling down to read the page is uncontrollable and I end up going down too far. Material of book is good but Kindle is not good.
