## Customer Reviews

Paleo Wired has produced an excellent book in Paleo Holiday Cooking for Beginners. The recipes are loaded with naturally based fruits, vegetables and herbs like ginger. Examples of some of the preparations include such favorites as Carrot Ginger Soup, Pumpkin Fry Mushroom Caps, Veggie Sticks, Bacon Wrapped Figs and Santa Cookies. A strength of the presentation is that the ingredients are set forth in painstaking detail. There are alternatives to white sugar for use in cooking. Examples are brown sugar, stevia, anise, mint and cinnamon to mention just a few. The alternatives to sugar are important for both dieters and health buffs. The recommended daily dietary dose of sugar hovers around 35 grams per person. Overall, this book will help dieters craft breakfast, lunch, dinner and desserts which will keep people close to the upper limit of sugar intake recommended by health professionals everywhere. At the current price, this book is a good value.

I enjoyed this book.

Love!

This is a nicely organized cookbook featuring 31 paleo recipes for the 31 days of December.
