The very first etude is very demanding - therefore this book is should be for an advanced student. The second is the etude that was Jack Benny's musical signature....but with multiple bow patterns. Excellent book for a serious student.

Very useful for my violin lessons, and just practicing different techniques.

Good overall . . . but we wish the pages will stay open on its own. As is, we need to put a book to keep it open at the page we want.

Fast delivery, completely new book.

I liked that the musical book came in the mail fast, and the book also looked in great, clean condition. Since I got this book, I have been playing the musical studies. Thanks.
