Customer Reviews

I've studied theology for some years, and can honestly say this is the best and most accessible theology book I've read. Himes has a brilliant intellect and this book is virtually a written version of how he lectures his classes. Although it's profound theology, it's easy to read and often even entertaining. A book that provided me with many new and valuable theological insights and I have returned to it on a number of occasions to re-read sections.

I'm doing a lot of highlighting as I read. His ideas in this book are definitely not what I was expecting; yet there's nothing I've found that struck me as over-the-top. Lots of thinking and praying as a result of some of his "if you're comfortable with 'this,' you don't know what 'this' is or means."

Very conversation provoking as Fr. Himes presents a different way at looking at our relationship with the world and our God. This book was used in our group discussions.

Great book

Had to read this for a college theology class. Rather liberal philosophy and several misquotations/interpretations of bible passages. Written in simple vernacular, making it easy for anyone to pick up and read.

Interesting book. Eye opening points about God & Jesus. I ordered it for my ministry class.

Himes uses shock value to get your attention in the way he presents ideas, but then follows them up with concrete reasons for his theological perspective on how to bring the Good News to the people we serve.

A must read for anyone who explores theology and feels drawn to live that faith. God as a verb and not as a noun.
