The Boy Next Door: A Swoon Novel (Swoon Novels Book 3)

Synopsis

Maddy Spier has been in love with the boy next door forever. As his figure-skating partner she spends time in his arms every day. But she's also seen his arms around other girls - lots of other girls. Gabe can't imagine skating with anyone but Maddy, and together they have a real chance at winning some serious gold medals. So he's determined to keep thinking of her like a sister. After all, he's never had a romantic relationship that lasted for more than two weeks. But when their coach assigns a new romantic skating program, everything changes. Will this be the big break that Maddy's been hoping for or the big break-up that Gabe has always feared?

Customer Reviews

This is my favorite of the books that Swoonreads has published so far. The writing is excellent, smart, fast, and clever (full of literary allusions that make it even more interesting on a deeper level for those of us who catch them, but won't slow down anyone who doesn't catch them). The characters are wonderful, too. Maddy is brilliant, courageous, and resourceful, but still a believable

teenager, and Gabe is nowhere near perfect, but still perfect for her. And the passages when the author describes the figure skating are just beautiful in and of themselves.

I really enjoyed reading this book, the setting was interesting, I had never read a book who had the central characters be figure ice skaters. It was a whole new world for me and I loved it, I found myself youtubing all the moves that she talked about. The love story between the two friends was very realistic and while I would have liked less moments of calmness I really enjoyed it. If you're looking for a light, fun read set in a dreamlike scenario this book is for you.

Boy next door stories are a dime a dozen, but you can't go wrong with Katie Van Ark's debut. Rush into the world of ice skating and fall in love. Remember first loves. Recall your best friend. This is a book that will not disappoint.

It was a little bit repetitive. Also, the story is kind of predictable and the end is too fast. :/

I read this book, lost it, and bought it again to read it all over again. I love this book! It's one of my favorites

It was okay

A good young adult novel.
