Customer Reviews

The length of this book and the depth of information provided on each topic are very abrupt and vague to me. While the title and chapter titles are catchy, each section seems a bit shallow and repetitive. It reminds me of a blog that might bait you on to purchase an actual informative book, seminar, or professional service.

I have not yet read this book, but I am hoping that it will help get my political campaign back in order. Then, hopefully all of those losers will quit hating me. Sad! The book though...will no doubt be Bigly.Donald J. Trump
