# The Big Book Of Small Home Plans: Over 360 Home Plans Under 1200 Square Feet

## **Synopsis**

Smaller homes are growing in popularity as more people decide to live simpler yet fuller lives with less square footage, less responsibility, and less stuff. Smaller homes can provide substantial savings in tax, building, heating, maintenance, and repair costs, with reduced ecological impact. Build the small home of your dreams by doing all or part of the work yourself. This practical do-it-yourself guide will help you make your dreams a reality. Whether you're looking to build the ideal cabin, cottage, small home, or tiny house, you're sure to find it here. Select from a catalog of more than 360 expertly prepared plans for building a variety of small homes under 1,200 square feet. Easy-to-follow construction blueprints and materials lists are available for each project to ensure success. Big Book of Small Home Plans is also packed with advice for rightsizing your house while maximizing your living space, with useful tips on small home organizing, decorating, and smart storage.
