Synopsis

Helen Oxenbury’s brilliant board books have delighted a generation of babies. Now from the most widely loved of artists comes a reissue of a board book to help very young children explore their worlds. In I CAN, a baby creates his own wonders as he jumps and stretches and dances. Full of character and humor, this charming book forms a winsome introduction to creativity and movement.

granddaughter loved it

Really fun activity book to get your toddler moving.

Great book for wee ones. The images are realistic and simple. I love that these books aren’t busy like so many books. It helps my daughter focus on one thing at a time to have simple things to look at. This will also be great when she is first learning words.

love it

Simple actions companion. Durable board book format. Although the illustrations don’t stand out

vibrantly like an Eric Carle book - it's much better loved by my daughter than say the Very Hungry Caterpillar. It's a quick, practical, fun read my daughter can relate to any time of the day or night.

Only wish I'd bought it sooner, when baby was just starting to walk.

Cute series of books. Purchased several for my grandson's first birthday and they appear thick and durable enough to withstand the demands of a toddler!

We have always loved Helen Oxenbury's book, ever since my oldest child was a baby. The illustrations are simple, but they still leave lots of room to 'discuss' with a little one. Babies love looking at human faces, and this book definitely fits the bill! We also love the single word isolations.I can't wait to give this book to my youngest son for Christmas, I know he'll love it as much as his older brother did!
