## Customer Reviews

I had expected more from this. Some of the chords are missing and some chords don't sound right. Some of the lyrics are wrong, but it was made in China so the authors may not have ever listened to Hamilton. However, I added chords and lyrics to what it should be and it gets the job done. Overall it's a good purchase because the songs are fantastic.

This is a great book, and I love it, but some strumming patterns would be amazing.

My daughter just started playing, so this is challenging, but fun!
