Sisters (Danielle Steel)

Synopsis

Four sisters, a Manhattan brownstone, and a tumultuous year of loss and courage are at the heart of Danielle Steel's new novel about a remarkable family, a stunning tragedy, and what happens when four very different young women come together under one very lively roof. Candy, the only name she needs, is blazing her way through Paris, New York, and Tokyo as fashion's latest international supermodel. . . . Her sister Tammy has a job producing the most successful hit show on TV, and a home she loves in L.A.'s Hollywood Hills. . . . In New York, oldest sister Sabrina is an ambitious young lawyer, while Annie is an American artist in Florence, living for her art. . . . On one Fourth of July weekend, as they do every year, the four sisters come home to Connecticut for their family's annual gathering. But before the holiday is over, tragedy strikes and their world is utterly changed. Suddenly, four sisters who have been fervently pursuing success and their own lives, on opposite sides of the world, reunite to share one New York brownstone, to support each other and their father, and to pick up the pieces while one sister struggles to heal her shattered body and soul. Thus begins an unscripted chapter of their lives, as a bustling house is soon filled with eccentric dogs, laughter, tears, friends, men . . . and the kind of honesty and unconditional love only sisters can provide. But as the four women settle in, they are forced to confront the direction of their respective lives. As the year passes and another July Fourth approaches, a season of grief and change gives way to new beginnings, as a family comes together to share its blessings and a future filled with surprises and, ultimately, hope. With unerring insight and compassion, Danielle Steel tells a compelling story of four sisters who love and laugh, struggle and triumph . . . and are irrevocably woven into the fabric of each other's lives. Brilliantly blending humor and heartbreak, she delivers a powerful message about the fragility and the wonder of life. From the Hardcover edition.

Customer Reviews

Four stunningly beautiful Connecticut-bred sisters pursue their disparate careers in prolific Steel's (H.R.H.) latest. There's Candy, 21, a supermodel with an eating disorder, on location in Paris; Annie, 26, a RISD-grad studying painting in Florence; Tammy, at 29 an L.A. TV producer with a new hit and no life; and Sabrina, 34, a workaholic, commitment-phobic family attorney. No matter what, all meet at Mommy and Daddy's for July 4, Thanksgiving and Christmas. During one of the reunions, a disastrous car accident kills their beautiful, dutiful mother and leaves artist Annie blind. Sabrina comes up with a plan for the sisters to live ensemble in a New York brownstone, so that they might grieve and ease Annie's transition into the sightless world. The questions then become Will Candy eat? Will Sabrina commit? Will Tammy have a hit? Will Annie transition? And will Dad love again? Legions of fans expect an emphatic yes, and they won't be disappointed. But they can also expect decapitation, rape and emotional betrayal, which work like little shocks to keep pages turning. (Feb.) Danielle Steel has been hailed as one of the world's most popular authors, with over 530 million copies of her novels sold. Her many international bestsellers include Toxic Bachelors, Miracle, ImPossible, Echoes, Second Chance, Ransom, Safe Harbour, and other highly acclaimed novels. She is also the author of His Bright Light, the story of her son Nick Traina's life and death.

This is the first Danielle Steel book I read. It took me a while to get used to her writing style. She is very detailed and repeats descriptions a lot. I liked this story because it was a story about real life that I could relate to. I liked all the characters and didn't want the story to end.

A friend told me about the book. I knew it was not a recent one, so ordered it from . Read it in two days, wanted to get to the end. Thoroughly enjoyed the book.

Great story about family. Good summer read My Mother was one of 4 sisters who also were very

close.

Great story for the values mother ingrains in daughters and weak father was totally different in the time of the crisis

I share with my sister and sister-in-laws

How many more stars do you have? The five you are showing is not nearly enough! Its been a long time since I have been this "taken" with a book. I am not surprised because when Danielle Steel finishes writing a book, we just know it is going to be good! There really were some surprises, and I enjoyed the suspense just as well. Definitely a must read for all Danielle Steel fans.

This was the right book for me at the right time. I was starting to get burned out on Ms Steel but started this anyway and was immediately drawn in. Four sisters all helping one another, with all the expected and not so expected things happening. There were redundancies along w/her tendency to wander but I didn't care. I didn't want this to end. Part II Please!

Despite the sorrow that brought these 4 sisters together, you can't help but cheer for them to overcome the obstacles that life throws at them. Anyone who is a sister this is a must read. Whether you have a relationship like these four, or wish you did this is still a touching story that warms your heart. Another winner by Danielle Steel. Enjoy!
