Customer Reviews

"Amusing animal photos are paired with inspiring, witty text designed to lift the spirits. Skip sending that well-intentioned e-card to a blue buddy, and give this charming antidote instead." (Joanna Brichetto, BookPage)

“Since the debut of his international bestseller *The Blue Day Book*, Bradley Trevor Greive

has become a household name in more than 115 countries. A former Australian paratrooper, BTG left the army to pursue more creative misadventures. He has been bitten by wild monkeys and rabid bats and was accepted into Russia's cosmonaut training program--though those incidents were, by and large, unrelated. BTG spends most of his time in a tiny Tasmanian hamlet.

I always have a few of these books on hand and find them the perfect thing to let someone know you are thinking of them when they are down. I find it a nice change from traditional cards. Feedback from those that have received these have appreciated the pictures and comments. Brought a smile in tough times. Several of them have taken the same approach by paying it forward with the same gesture.

Have given this book to several of my friends when they are feeling blue. Makes me smile.

Always one of my favorite books - have given it as gifts many times for teens.

Great gift

You cannot get a better message and uplifting photos for \$10. It is such a bargain. Yes, I know the preview here at does not show you much, but this little book will inspire you, make you think about life, and is a wonderful little gift to a friend or loved one. It is also fine for children. I like "Tomorrow," "Blue Day" (perfect for friends feeling sad), and "Friends to the End." I love this author work and if he is reading this, thank you.

I bought this book for a friend's 14 year old grand daughter. She is going through some challenging days and as an owner myself of this book and having been helped out of my "blue days" I thought that it might help her too. I gave her the 10th anniversary edition which is special and she was very excited!! I'm glad she likes it and it's something she can grow up with and share with her children someday!. I did with mine! Have a good day!!

A fantastic book and was great giving it as a gift to friends who thoroughly enjoyed it...

I love this book. I've bought the hard cover for myself a while back, and have bought this book various times as a gift for a friend in need of comfort. I hate they changed the pictures from the

original version! It was too cute; however, this book still lifts up your spirits. Love love LOVE it. :)
