Loved this book. Used this for my Political Science class at El Camino College and it was just what I needed. No more, no less. Item was delivered in New condition and well wrapped (shipping).

Title says it all

helpful, structured, easily laid out concepts

Perfect book if you need a crash course in political science

I was highly satisfied with this book. It didn't even seem used. Great price and great quality. The book was very taken care of.

I've handed out some harsh textbook reviews in the past but this one isn't too bad. It doesn't get all carried away with dumb crap that doesn't matter. It is very easy to read and perfect for a community college underachiever like myself.

Usually a book for a class is only as good as the teacher. This book though helped with the teaching I received.

Great book and I went through every chapter in a one week course.
