# Complete Pre-GED (GED Calculators)

## Synopsis

From America's leading education publisher, the struggling student's guide to GED success Nearly one million Americans plan to take the GED each year, but many are deficient in the most basic skills and not yet ready for GED courses and study guides. McGraw-Hill's Pre-GED offers a comprehensive foundation on which to build the necessary skills for more vigorous study and eventual success. This edition covers the five subject areas-- writing, reading, social studies, science, and math--guiding students in such matters as topic sentences, punctuation, sequence, inference, decimals, and ratios. Fully updated, it also introduces students to subject matter added to the test in 2002, including world history, space study, business documents, and number grids. With easy-tofollow instructions, McGraw-Hill's Pre- GED provides: Diagnostic pretests identifying strengths and weaknesses Hundreds of exercises with answer key Full explanations of answers provided Posttests with correlations to other McGraw-Hill GED books

Great book for our ABE students. Our ABE students are our high ESL students. They have tested out of ESL and are ready for something different.

Nice

I bought this book for my mom who really wants to take the GED! She really loves the book and says she wish she had it a long time ago! It's a great book that really goes step by step and breaks the subjects down to their basic elemental levels. I would recommend it for anyone looking to take the GED!

This books it's so well organized and detailed. I recommend this book even for self-study. Students can learn the five subjects that make the GED test and get basic education knowledge.

I brought the Pre-GED for my daughter and she said it was very helpful to her

I ordered this book for one of my grandchildren who needed it for school. The book was in excellent condition and was delivered on time.

Great book to help prepare for your GED.

We have chosen to use this book as our text for the GED preparation classes we teach. The book arrived in very good condition. Thank you.
