Book by KANE ROBERT

I get this book for an aviation course. It's a high-quality book !

Amazing...Just as advertised!

So I am taking an aviation college class here in WA and needed this book, was about \$120 at the campus book store so I decided to go with . No regrets, saved almost \$30 through and I can sell this book back for almost half the price! Nice book, to chapter 6 now.... everything's included, bran-new, no dings no dents, comes in a plastic wrapper.
