Customer Reviews

Book is clean and tight, and has minimal or no wear.

This is a good teaching tool, and I have the 6th grade version, which is wonderful for 6th graders, but this one is not advanced enough for my older students. It was a "lets see" purchase. We are looking for new grammar workbooks, not vocabulary, and I have been ordering different ones to see if they will meet our needs. This did not do that for me; I want my kids to be at a higher degree of English grammar than this supplies. As I said, overall, a good product, it just is not what I am looking for. The series though, I highly recommend it; when coupled with the teaching text it works wonders and saves countless hours of making your own worksheets. There is also an answer pamphlet that is nice. All these things were discovered at different times... I wish I had only known.

Great reference book

These notebooks contain the kind of language arts work that I wanted my kids exposed to in grade school. I knew this would be the kind of work they'd receive in their high school. KIDS ARE NOT

BEING PREPARED FOR THIS LEVEL OF ENGLISH IN GRADE SCHOOLS ANYMORE AND ARE GETTING A TRIAL BY FIRE FOR IT WHEN THEY ENTER HIGH SCHOOL. I really felt this book covered alot but sometimes I found better explanations for the work they were wanting done on a topic in other language books. There is a companion hardback book that can be bought seperately for this coursework...

The book was in great condition, as described, and arrived ahead of schedule.
