Customer Reviews

Wallpaper* City Guides are compiled by the magazine's travel experts, both by in-house editors, and correspondents who actually live in the highlighted cities, providing up-to-the-minute information.

Hard for me to rate this. It was very helpful in guiding us for our first visit to Manila -- which we loved. But the info needs checking and updating as we went on 3 wild goose chases to places moved or not open. And a couple of addresses were presented in a way that was confusing both for hotel concierge and taxi drivers- perhaps a note added about difficult addresses would be good. Given we were only there 3 days it did waste time. But if you want an overall idea of this complex city to get your bearings and find some interests like museums, etc. it is good and handy to have in the Kindle edition for your iPad.
