Very great information and selection of pictures that give the reader more than a glimpse of how challenging this film was to make. For both fans of the film or viewers left puzzled by Christopher Nolan's approach, I would recommend reading what went into the making of this film. In a lot of ways, it's just as fascinating as the film itself.

Gorgeous book printed in Italy. Non Chinese manufacture certainly shows! Fantastic book. I can not wait to see the film. Do not know much about Christopher Nolan. Probably my loss. Hoping the film is as good as the book about its making, if that makes any sense @ all! Very detailed and loaded with fantastic photographs. Public library. I seldom buy books now. Well worth your time if you like WWII films and the art & science put into making them. Our collective fascination of all things WWII just never seems to be sated. As a retired US history teacher I am ever so glad, too. This book is fantastic. I am sure the film will be as well. Well worth your while. Fun and enlightening book, this one!

On peut facilement se jeter dans la scÃ¨ne de tournage grÃ¢ce Ã ce photobook. J'adore tous les dessins, concepts, textes... Chris Nolan et son Ã©quipe nous offrent Ã nouveau une expÃ©rience extraordinaire. N'hÃ©sitez pas Ã le commander, c'est un trÃ`s bon investissement pour mieux comprendre comment l'un des meilleurs rÃ©alisateurs du monde accomplissait son premier film d'une vraie histoire. D'ailleurs je suis trÃ`s contente de ce premier achat sur . Comme on l'a pas chez nous, j'avais peur que le colis soit mal expÃ©diÃ© mais il est arrivÃ© lÃ dans une semaine.
