McGraw-Hill's Dictionary Of American Slang And Colloquial Expressions: The Most Up-to-Date Reference For The Nonstandard Usage, Popular Jargon, And Vulgarisms Of Contempos (McGraw-Hill ESL References)

Synopsis

More bling for the buck! The #1 guide to American slang is now bigger, more up-to-date, and easier to use. This new edition of McGraw-Hill's Dictionary of American Slang and Colloquial Expressions offers complete definitions of more than 12,000 slang and informal expressions from various sources, ranging from golden oldies such as . . . golden oldie, to recent coinages like shizzle (gangsta), jonx (Wall Street), and ping (the Internet). Each entry is followed by examples illustrating how an expression is used in everyday conversation and, where necessary, International Phonetic Alphabet pronunciations are given, as well as cautionary notes for crude, inflammatory, or taboo expressions. This edition also features a fascinating introduction on "What is Slang?", a Thematic Index that cross-references expressions by standard terms--such as Angry, Drunk, Food, Good-bye, Mess-up, Money, and Stupidity--and a Hidden Word Index that lets you identify and locate even partially remembered expressions and phrases.

Customer Reviews

Richard A. Spears, Ph.D., is a former reference editor and linguistics professor at Northwestern University. He has written more than 150 dictionaries.

The Kindle edition of this reference is worthless. There is no easy way to look up a word except leaf through 500 pages. It is merely a duplicate of the printed edition with no digital navigation facility. I

don't know what the publisher was thinking? This is shameful and shows the publisher McGraw-Hill has a complete misunderstanding of ebooks. Either that or the publisher just doesn't care. Maybe I've missed something? But I don't think so.

I needed a dictionary to help me understand the language used by urban american people in songs, movies, tv series. I found the book perfect in this, at least for a foreigner as I am. Of course street and young language evolves continually, as it is written in the book preface, therefore it is possible that some meanings are missing. However I suggest it for all foreigners that want to at least have a hint of popular language and avoid dangerous cultural mistakes. Just a explanation for the 4 stars: I purchased the Kindle version, that lacks a word search function.

Excellent explanations and examples. Highly recommend.

I'm very glad with my purchase. TY.

I got this book because I write novels with characters just like you and me. So we don't all talk like dictionaries, so I wanted to find a dictionary they talked like- and this one was rather helpful (and highly amusing reading!!!) My friend is an English teacher and even she thought it was pretty neat.

Bought this for a co-worker to help her familiarize herself with some of the wrds and expressions she hears. I had previously bought this for another friend and she found it extremely useful.

I purchased this book for our exchange student from Brazil. She has found it very helpful in understanding the English language and the non-traditional expressions that we use.

This is a very useful book almost daily.
