## Customer Reviews

Yeon(Brian) Rhee obtained a Masters of Arts Degree in Statistics at Columbia University, NY. He served as the Mathematical Statistician at the Bureau of Labor Statistics, DC. He is the Head Academic Director at Solomon Academy due to his devotion to the community coupled with his passion for teaching. His mission is to help students of all confidence level excel in academia to build a strong foundation in character, knowledge, and wisdom. Now, Solomon academy is known as the best academy specialized in Math in Northern Virginia. Brian Rhee has published seven books which are available at [www.masterprep.net](http://www.masterprep.net). The titles of his books are AP Calculus, SAT 1 Math, SAT 2 Math level 2, SHSAT/TJHSST Math workbook, IAAT (Iowa Algebra Aptitude Test) volume 1 and volume 2, and CogAT form 7 level 8. He's currently working on other math books which will be introduced in the near future. Brian Rhee has twenty years of teaching experience in math. Currently, he is developing many online math courses with [www.masterprep.net](http://www.masterprep.net) for AP Calculus AB and BC, SAT 2 Math level 2 test, SSAT/SHSAT, American Math Competitions such as AMC 10 and

AMC 12, and other various math subjects.

Wow; this book is just amazing! Each question is thoughtfully made and the solutions explain the answer just like a teacher would with diagrams and helpful tips. The practice tests are relevant to the TJHSST and SHSAT, and challenges one in all topics. The topic review portion is the best I have seen. All the formulas and concepts are right in the book with many practice problems afterward to reinforce the new concepts. I would recommend this book to everyone as a top choice for its quality and content is like no other book.

Great. My daughter also thinks that it is well organized and very structured. I didn't find any typo in the book.

Nice explanation , and students can easy to follow every single steps.

This book is very good and perfect for shsat test

Very good material! A little more challenging than standard prep material. Worth it!

This is a good math preparation book.

good for self study.

This book helps me a lot as I prepare myself for the Math SATs and the TJ math test. There's a myriad of various sections in the book but I personally like the practice tests. All the questions are easy to comprehend and the answer key has a thorough explanation behind each correct solution. With this book, I've gotten so much better at finding solutions quicker and easier without wasting any time. It's a great practice tool to anyone who is striving to get better at math. I definitely recommend this book.
