An excellent source for where to shop and eat. Includes must see sights and local flavors. A great guide for travelers who want to "see it all".

I found the guide to have good, up to date information for my trip. Thank you!

I needed a guide book and liked Fodors in the past so bought this even though it was three years old. It did help a lot in planning what to do and with maps but we relied on my son and his fiance who live there to help us the most.

I always like to have some information prior to visiting a new place and this full fills that need. It covers all the places we intend to visit provides useful advice and caution about the risks.

not worth the purchase, much better info available on line!

This book was up to Fodor's usual standards. I thought it was a good book. Included all the info I was looking for.

Well, we haven't left yet, but this seems to have lots of useful information and some nice pictures. I guess we'll know more how helpful it was once we get there.
