Discover the colorful evolution of the beer can.* ORGANIZATIONS AND CLUBS. Find out how and where to connect with other collectors.* FULLY ILLUSTRATED.

Got the book. Cant use it. Old price guide. Thought I was getting something to view current prices. Very unfortunate.

my husband uses this every time he goes shopping for his beer cans its a good guide he would recommend this book

Not a bad buy but didn't help me.

This text was well organized and easy to use. Beer cans were seperated by state so cans of the same name could be distinguished by their particular brewery. Information seemed accurate and very helpful

I just want to know when this book was published.I have other books on beer cans but they are 7 to 15 years old.I just want to find a updated price book on beer cans. Can any one help me??

Cans are categorized by State, so you have to hunt through the entire book if you don't know what state the can is brewed in; this is a poor method of organization.
