Helpful info as I attempt to learn bonsai. Explains the different shapes and what to cut and pinch.

I found quite a bit of Bonsai books at the library and this was one of them. Great book. Had to buy my own copy and at the price, it's a steal. There are clear illustrations and pictures about techniques. There are sections on grafting and starting trees from cuttings. A must have for the bonsai beginner.

Good book for anyone beginning bonsai as a hobby.

An abundance of Bonsai photographs and an informative guide on how to Bonsai.

Good advise ...best part of this "purchase" !

Thank you

Super, right on time with delivery.
