Allan Spiers 2018

Synopsis

"In my mind photography is not just the presentation of a beautiful body, but rather the expression of a complex personality", explains photographer Allan Spiers. Consequently, his goal is to discover and capture the true person in his images. "I want to convey the spirit and personality of the person from a new and surprising point-of-view", adds Spiers. In this 2018 monthly calendar, the photographers gives us an insight into his world of art. Each of the twelve shots is unique to every individual. Spiers describes himself as an observer, capturing a moment that manages to tell an entire story about a place or reveal a little of the soul of the person he is photographing.

Customer Reviews

Allan Spiers was born in Lima, Peru and moved to the U.S. with his mother when he was 13 years old. After attending high school in California, Spiers moved to Florida, where he acquired a job as a graphic artist. He witnessed his hobby of designing advertisements and web pages turn into an art form of its own. He determined it was time to finally make his hobby into a business. That's when he founded his graphic design company Digital Fuel Studios, Inc. Since 1997, Spiers has had the privilege to have worked with over 700 clients and worked on over 10,000 projects worldwide. After years of admiring most of the stock photography used during his career, he decided to challenge his artistic abilities and began to explore the world of photography. Spiers started his professional photography business in 2001 and quickly showed the ability to capture his subject's inner beauty and emotion. In 2004, he moved to Chicago, where he still resides and where his passion for photography has flourished.

After years of admiring most of the stock photography used during his career, he decided to challenge his artistic abilities and began to explore the world of photography. Spiers started his professional photography business in 2001 and quickly showed the ability to capture his subject's inner beauty and emotion. He now lives in Chicago as a well-established photographer.SpiersÃƒÂ¢Ã â ¬Ã â„¢ history as a graphic artist shows clearly in his compositions of his richly vibrant color photography. Granted he has uncovered twelve spectacularly sculpted models who serve as the focal point of each monthÃƒÂ¢Ã â ¬Ã â„¢s elected representative. The men are all gym-cultured models of first-rate status and there is no frontal nudity, which makes this calendar appropriate for home or office ÃƒÂ¢Ã â ¬Ã â œ or any place inspiration for keeping that gym/trainer/physical fitness center appointment in mind.The settings are natural and enhanced by the personalities of the hunky models Piers has selected to make the months passÃƒÂ¢Ã â ¬Ã Â¦or remain as saved mementoes! Grady Harp, August 17
