Customer Reviews

Very, very impressed with this small handy, easy to read book. Has wonderful tips, learned a lot, will share it with my coloring classes.

Unless you have never picked up coloring book, don't buy this book. The typos alone will turn you off, let alone the extremely shallow coverage of this grand experience called coloring. I paid \$2.99 and it isn't even worth that.

Love the book

was nor what I expected but useful

I love them would order again.

great tips on coloring

useful!

this book is presented mainly to get you to join their coloring book club. They do give a free 10 page coloring book, which is also a way to draw one into joining their not free club. They do give interesting tips, but all with that same aim in mind.I deleted this book as I do not have the \$ to spend with them.
