## Customer Reviews

The flash cards provide basic words - colors, numbers animals etc. - but not much more. Other sets on provide a much wider range of words, but lack pronunciations on the card itself, like these have.

nice flashcard for kids.

Such a fun way to learn a language! I'm practicing, so I can keep up with my granddaughter. Great purchase. Thanks!

Fun and easy to use! I even have my 11 year old grandson enjoying learning with these!

0 Stars - there is no way to rate these below one star or I would. Here are the problems:  
1. The pictures on the cards do not match those shown in the photo (the "photo" cards shown are not in the box, and the cards that are there are not exactly as shown - see #2 below)!  
2. The pronunciation guide is printed on the front of each card (not as shown on the photo).  
3. The pronunciation guide is

very strange, and as far as I am concerned useless and misleading...For those of you familiar with German, here are the seven words with strange pronunciation guides: 1: das Eis (dahs ies) 2. das Zebra (dahs seh\*brah) 3. eins (iens) 4. zwei (tsvie) 5. drei (drie) 6. weis (vies) and (worst of all!) 7. blau (blow) This is Berlitz! What is going on! I have been teaching German for 15 years and have never seen anything like this!!

These worked very well for my child to practice his German spelling and the articles. He already knew the words but stressed that he liked these because of the pictures - so I figure if he likes them, that's a five star rating for us. We didn't need the pronunciation help and had to write the plural of the objects on the card so he could practice that spelling as well. He is eight. I wish there were a lot more since he really prefers the nice big ones with pictures.

We study with these every day...
