These are very well-written, kid friendly devotions. They take only a few minutes to read, but they are packed with great truths that the kids can understand. I read them to the kids while they eat breakfast in the morning. We all enjoy this book. I love how it places a lot of emphasis on kids and their relationship with God. This is better than any other devotional I have ever gotten for my kids. It is written in a fun way with vocabulary that kids can comprehend. Each day has a "fun fact" that the kids look forward to also. Very well worth the money.

This devotional book is wonderful. There is scripture, explanations and fun facts that keep the kids interested. I enjoy reading it for myself. In fact, I bought myself a copy so that I would know what devotion my grandsons had read that day. Very Good!!

I absolutely love this book. It is a wonderful way to discuss God with children. It emphasizes a personal relationship with God rather than just scripture memorization. Don't forget the accompanying coloring book. I cannot emphasize enough how wonderful the writing is in this book. Its written perfectly for little ones to understand and to grasp their attention. Each "lesson" is just a few minutes, but can spring to life further activities to bring home the lesson.

Excellent bedtime study for young kids. I have a 9 and 6 year old, and they enjoy these stories and ask great questions because of them. Dads - it's a great resource to lead your kids.

This is a great devotion for kids. I have had tons and am always on the outlook for new good ones and this is great for the kids. Short and succinct, one for each day of the year!

We love this devotional! It's not fluffy, nor too elaborate and confusing. It's written in a way that keeps my kids' attention (8 and 10 years old) and encourages them to ask really good questions. Enough familiar Bible stories so they know what's being referred to, but takes those stories and turns them into something meaningful.

These are lovely little daily devotionals that, I find, are best read to children by believing adults, who can act as moderator of the responses children may have.

Love it. Instead of reading like a devotional my son and I read multiple pages every sitting . My son really likes the "Fun Fact" at the bottom of every page. Very important for me- every page contains scripture! Recommend this book to any age group.
