Funny story here. One of my professors wrote this book so I borrowed it from a girl at work to read over vacation. While packing up the car to head to the beach, I carefully put the book on the roof. I didn't want the cover to get damaged as I stuffed beach chairs in the trunk. I ended up forgetting the it up there and spent 30 mins searching for it along route 6 of Cape Cod. I never found it, so had to spend \$60 for a replacement. Probably a good book tho.
