Valerie Harper played the memorable Rhoda Morgenstern first on The Mary Tyler Moore Show and then on her own spin-off series, Rhoda, for nine years. During that time she won four Emmys, a Golden Globe, Harvard University's Hasty Pudding Woman of the Year Award, and the Hollywood Women's Press Club "Golden Apple" Award. She lives in Beverly Hills.

Great price and perfect for my class. Arrived timely and in excellent condition.

The manual seems pretty good for my class. It's new. The material the manual is made from is flimsy paper. But that's not too big of an issue. Just hard to get in a binder. It's a bit frustrating that they sent the binder version. When I bought the manual it gave me the option of binder or paperback version and I selected the paperback but I still received the paperback. So not sure if this

only comes in binder version.

This lab manual is serving me well with the help of The Principle's of Anatomy and Physiology Textbook 14e. It was worth the cost.

I loved all the different activities for each unit, made the memorizing and learning way easier.

Great book! Received package in a timely manner and was as expect.

Book was brand new wrapped in plastic as stated in description! Arrived very fast! Loved the price also! Thank you!!

excellent and fast

It is what I expected and arrived on time!
