Customer Reviews

After looking and looking for the perfect literary guide for To Kill a Mockingbird, I settled on this gem right here. The analysis, the summary, and the key points are all right on target throughout this whole guide. Save Time Summaries did an amazing job giving me all the necessary info needed to get the most out of this guide. They seemed to really grasp the concept of a quick, concise, and properly ordered analysis and summary guide unlike most other guides on the market. From cramming before one of those exams the next day or just getting another level of in-depth review, this guide seems to provide you with all the info necessary to succeed.In all, I would recommend this story to plenty of friends and family alike if they’re even in need of a more in-depth guide to any stories. I know this book would be perfect for one of my sons! Thanks for reading!

Prior to last week, it had been years since I last read To Kill A Mockingbird. I’ve recently been on a reading kick, and I’ve found myself turning to all the classics. After re-reading the book about a

week ago, I purchased this summary and study guide because I wanted to see if I'd missed or misinterpreted anything in the book, such as certain symbolism or what really happened to certain characters. This summary didn't disappoint. Each chapter was thoroughly reviewed, and I liked the writing style: it almost felt as if a friend was the one describing the book to me. The slightly personal touch made for a light read that was easy to comprehend. After reading this summary, I felt as if I had a greater understanding of To Kill A Mockingbird. I would recommend this guide to anyone who really likes to delve into a book and feel as if they are getting the whole story.

I read this book in high school for class and I really enjoyed it them and I still do now after 7 years out of high school. This book writes a summary and outline of every chapter in the book. I found that this book, "To Kill a Mockingbird: Summary & Study Guide--Nelle Harper Lee" did a wonderful job outlining all of the key points in each chapter of, "To Kill a Mockingbird". This book gives the readers the insight to all of the things that they might have missed when they read "To Kill a Mockingbird" the first time or even the second time. This summary book will give readers the insight that Nelle Harper Lee really wanted the readers to know what was going on in her book. I found this book to be very excellent into everything that Nelle Harper Lee was getting at in all of the chapters that she wrote.

This was the first time I had used this particular series of study guides. I found it well written and helpful.

This can help if you have a book review to do or if you have an exam coming up for studying. Highly recommended!!!

There is truly no denying that Harper Lee's "To Kill a Mockingbird" is a classic that has stood the test of time for one generation after the other since its release 50 years ago. While the novel is interesting on its own, it's always helpful to gain additional insight and perspective from various study guides. This summary is certainly no exception. It summarizes each chapter in a succinct yet informative manner. Moreover, themes and motifs present in the novel are also discussed in depth. Whether you've read Lee's novel a dozen times or are just about to dive into it for the first time, you'll want this guide as a companion.

After making my way through this guide, I ran into very solid analysis and in-depth research. Just

looking at the reviews alone, I was trusting this guide to give me the results I needed. The results I got of this guide were fantastic! I knew the author was giving this guide all that they could, and it was great. That's the type of finished product I want from my author each and every time. Whether you be reading this for just a better understanding and analysis of To Kill a Mockingbird like me, or cramming for an exam the next day just know that the results you'll receive from this book are solid. You'll be ready to take on anything that's thrown your way after this. In all, this book does seem to provide the reader with some well-received points and analysis. The research, understanding, and comprehension were all there. Great read.I'd give this guide about a 8 out of 10 on my scale. I know the author gave me all that they could with this product. Hope you enjoy! Thanks!

Got this for my student....it was somewhat useful in understanding the book in general. It also helped sort out the different themes within the story.
