Norway welcomed 7.9 million foreign visitors in 2012, and most importantly 588,000 cruise passengers visited Norway in 2012, more than ever before and an increase of 29% compared to 2011. 2012 saw 2066 cruise ship arrivals in Norwegian ports, up 23% since 2011.

Insight Guides wherever possible uses local experts who provide insider know-how and share their

love and knowledge of the destination.

We bought this book because we were traveling to Northern Norway in January to see the Northern Lights. There is really pretty little information on this region in the book (at least the parts we visited: Tromsø and Lofoten plus a short Hurtigruten cruise). So it was not a very good investment for us.

Good overview of the country, but information on specific towns is very limited. The book took over 2 weeks to arrive. That seems ridiculous when it was indicated that shipping was immediate.

This is a great guidebook for Norway. It gives a great description of the Norwegian psyche, culture and customs, as well as providing a good description of the various regions of Norway.

A disappointment. Nice pictures but surprisingly little information. NO hotel information, and NO practical advice on how to do the logistics of getting around. Better as a souvenir of a trip than as a tool for planning and to use when traveling. Other volumes in the series are better.

Packed with information about history, places to see. Beautiful photographs.

Super - enjoying it so far!
