Best map of Charleston I've seen. Lists all major attractions, restaurants, parking facilities. I can't conceive of going to Charleston without it. If you're going to Charleston, definitely get this map. You'll be glad you did

This map appeared on my homepage as a recommendation after I purchased a travel guide to Charleston, SC as a gift for my girlfriend before we took a vacation in Charleston. I bought this map to go along with the book and I have to say that she loved the map! It is very cute and extremely detailed and we found it very useful - we pulled it out, usually while walking down the street, just about every day that we were in Charleston. My girlfriend loves this hand-drawn map so much that she is going to frame it and hang it up in her bedroom! Thanks .

Love this little map. Will use on upcoming trip to Charleston. Not only shows Charleston but also surrounding area including islands

Easy to read, durable and water resistant! We referred to this map constantly as we walked the city. It's handy size fit my back pocket and it was just the right size when opened; not too big but easily readable.

Great! Will be very helpful when we finally make our trip!

We recently visited Charleston, and we used this map to navigate the city. It was very user-friendly and helpful. Would recommend.

Nice little companion as we walked the lovely streets of Charleston!

I bought this before a trip and found I could get free maps easily once I got there. The map is fine and I kept it for a souvenir but I didn't really need to buy it.
