Schaum's Outline Of Mathematics Of Finance

Synopsis

Confusing Textbooks? Missed Lectures? Tough Test Questions? Fortunately for you, there's Schaum's Outlines. More than 40 million students have trusted Schaum's to help them succeed in the classroom and on exams. Schaum's is the key to faster learning and higher grades in every subject. Each Outline presents all the essential course information in an easy-to-follow, topic-by-topic format. You also get hundreds of examples, solved problems, and practice exercises to test your skills. This Schaum's Outline gives you Practice problems with full explanations that reinforce knowledge Coverage of the most up-to-date developments in your course field In-depth review of practices and applications Fully compatible with your classroom text, Schaum's highlights all the important facts you need to know. Use Schaum's to shorten your study time-and get your best test scores! Schaum's Outlines-Problem Solved.

Book Information

Series: Schaum's Outline Series

Paperback: 304 pages

Publisher: McGraw-Hill; 2 edition (June 1, 1996)

Language: English

ISBN-10: 0070082030

ISBN-13: 978-0070082038

Product Dimensions: 8.2 x 0.5 x 10.8 inches

Shipping Weight: 1.5 pounds (View shipping rates and policies)

Average Customer Review: 3.7 out of 5 stars 18 customer reviews

Customer Reviews

McGraw-Hill authors represent the leading experts in their fields and are dedicated to improving the lives, careers, and interests of readers worldwideRob Brown graduated from the University of Waterloo in 1971 with a BMath degree. He added a MA in Gerontology in 1994 (Waterloo) and a PhD (Gerontology) from Simon Fraser University in 1997. Rob is a Fellow of the Canadian Institute of Actuaries, a Fellow of the Society of Actuaries, and an Associate of the Casualty Actuarial Society. Professor Brown was President of the Canadian Institute of Actuaries in 1990/91 and served on the Board of Governors of the Society of Actuaries from 1992 to 1996. From 1997-99, he

was SoA Vice-President and in 1999, Rob was elected President-elect of the Society of Actuaries (his term as SoA President will run from October 2000 to October 2001). Rob Brown is presently Professor of Actuarial Science and Director of the Institute of Insurance and Pension Research at the University of Waterloo.

Gave it 4/5 because kindle version has errors and typos.- 1.20 misaligned problems with wrong results (d and f)- 2.2 b) t3=t1=2d=18 should be t3=t1+2d=18- 4.10 b) j22 is given, whereas the solution is for j2And those just are the problems that I spoted with my mathematically untrained eyes.Overall great content! It's a pity that my university didn't offer a finance course that would focus solely on solving such problemsIf anyone knows other good book on mathematics of finance (with solutions) please let me know! Would highly appreciate!

Book was great supplement to text

Great book to have as a review for mathematical concepts.

Great book. Just in time to review for the beginning of the new semester.

Very good book

love it

This don't work for me because I need to start at a more elementary level. It appeared that this book had a lot of solved problems and would be very helpful to the appropriate student level. My mistake.

Just the right info in the right amount with exercises! Easy to apply and to enter new topics. Great buy and price!
