# Spy Vs Spy Missions Of Madness

## **Synopsis**

Join us as we take you behind closed doors. . . and expose the idiotic antics of the agent in black and the agent in white! "Spy vs. Spy" was the brainchild of Cuban-born political cartoonist Antonio Prohias, who fled his country after receiving death threats from Fidel Castro. Prohias settled in America, and in 1960 he began a 26-year run of Spy misadventures in MAD Magazine. This book by Prohias, long out of print, showcases his genius as an artist, storyteller, and graphic designer.

## **Book Information**

Series: Mad

Paperback: 192 pages

## **Customer Reviews**

if your an early mad mag buff this will make you smile, laugh out loud or roll on the floor....or maybe all three

I have loved mad magazine all my life and spy vs spy was always a big part of that. My son gravitated to spy from a young age (probably because of no words to read) but he still loves them at 14 years old now. He still has spy vs spy hats, dog tags and t-shirts, Were a little disappointed that these were small books instead of the large ones we got before still great content though.

as described

mad is my favorite magazine to read because those spies are in there and they make me laugh all the time

love the old MAD mag comics - these make you think.....no words....got it for my 6 yr old grandson who loves spy stuff

Great buy at a great price. This spy vs spy series offers some of the best works of Prohias long career.

My son loves playing the x-box game and so I went looking for more for him. This book is fantastic. It delivers the classic comedy of 'spy vs spy' without the other mad magazine material which is too old for him right now.

My son was happy to get these, guess it's a mood thing
